

Yuki's Sun

This is the beautiful place where
the story of bright Yuki begins.

Yuki was an orphan.

On a snowy winter night ten years ago,
she was left at the front door
of an orphanage.

Despite her unfortunate situation,
Yuki grew up a strong and
free-spirited young girl.

All right! All clean!

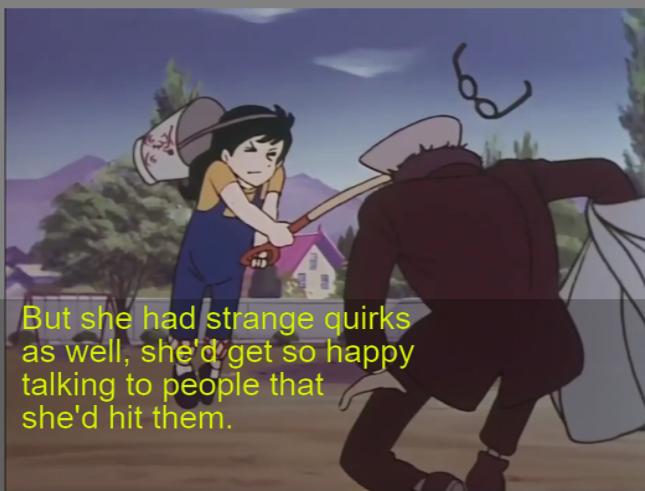

Hey, you!

Help me! Teacher!

She often surprised people with how energetic she was, but she was a pure-hearted girl.

But she had strange quirks as well, she'd get so happy talking to people that she'd hit them.

One day her life unexpectedly changed, she was sent to an orphanage run by a rich family.

Despite feeling out of place in her new home, the kind people helped her adapt to her new life.

Her happy days continued at the orphanage.

Alas, her life is about to change.

There was a sudden attack on the orphanage, leaving it in ruins.

Her adopted father was taken away by the police. Yuki was on her own again.

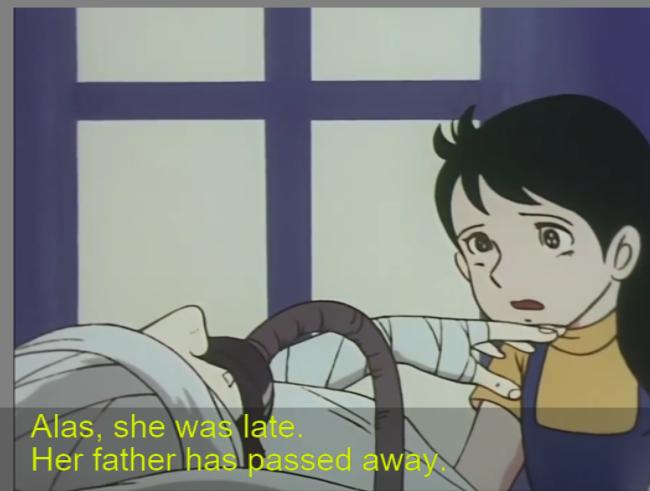

She stood by and supported her friend who was overcome with grief.

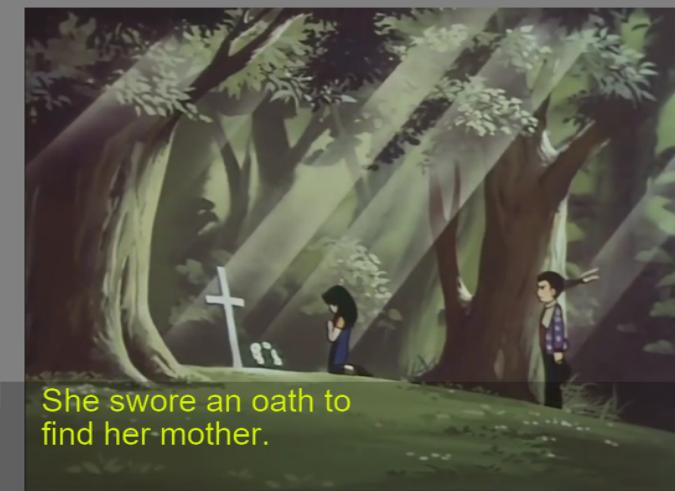

She then discovered a hint to the secret about her birth in the cross that she always wore.

Her adopted parents turned out to be her real parents.

Alas, she was late.
Her father has passed away.

She swore an oath to find her mother.

She ran away from the next orphanage she was put in.

Yuki started searching everywhere for her mother.

Everywhere!

Despite living through such sadness,
Yuki grew up to be a strong girl.

A girl whose cheerfulness
rivaled the sun's.

Along with her friend,
she went on to gallantly
search for her mother.

One fortuitous day!

Mom!

Yuki!

And then she lived happily
ever after with her mother.
